

CREATE YOUR PERFECT VISION BOARD

in 10 Minutes!

1. grab a nice drink...warm or cold... whatever you're in the mood for!
2. log in to Pinterest
3. think about where you are, where you're going, and where you want to be!
4. in the search box, type in various categories of things you want
5. is it an island? a new city you want to visit? or a new position (ahem...CEO?) the **more specific** you get with each category, **the better!**
6. Pick out one or two or as many pics as you want from each category. Look for pictures that stand out to you. Evoke a feeling you want - feelings work very strong for attracting what we want. so for a picture of a couple, pick one where her expression represents how you want to feel...playful, passionate, romantic, serene?
7. See your board come to life!
